

OKLAHOMA BENEFITS

Savings to Oklahomans:

- Saving ratepayers over \$1.3 billion in energy costs

Mitigating Impacts from Extreme Weather Events

- Supporting Oklahoma in times of high demand by increasing reliability and mitigating the impact of extreme weather events

Strategic Resource Allocation

- Providing access to new markets for Oklahoma power producers by allowing the export of power during periods of low demand, reducing instances of curtailment

Support for Economic Growth

- Investing millions of dollars in Oklahoma
- Providing additional property tax revenue and community investment
- Creating temporary and permanent jobs
- Increasing economic activity among local materials suppliers, professional services, and hospitality providers

Direct Community Investment

- Partnering with the Cherokee Strip Community Foundation to create the Community Investment Program (CIP), which is designed to address community needs in Cimarron and Texas Counties
- 501(c)(3) non-profits and public organizations serving Cimarron and Texas Counties are eligible for grants up to \$50,000
- To date, the CIP has awarded more than \$600,000 to non-profit organizations across the two counties

LANDOWNER, TRIBAL GOVERNMENT, AND COMMUNITY RELATIONS

Our relationships with landowners are at the core of everything we do. We believe that building strong and lasting relationships with landowners and the communities in which we operate is key to the success of Three Corners Connector. We are committed to developing the project in a collaborative manner, and we commit to conduct easement agreement negotiations in a manner that is respectful of private property rights.
